OFFICE OF LEGISLATIVE COUNSEL

Wednesday - 4 September 1963

1. [] Talked with Milton Eisenberg and Phyllis Pietrow in the office of Senator Kenneth Keating concerning an exchange of correspondence between Keating and State on [] and alleged contributions by the Government to AFME. I indicated that we would like to be helpful on this if we could. This was done for the purpose of avoiding more penetrating inquiries by Keating to the Department on AFME. After some discussion, it was clear that this matter was not going to be pursued by Keating and his staff assistants expressed their appreciation at our interest.

[]

Mr. Kendall also advised that the Committee was preparing the report of the disarmament hearings for publication and that assistance in final review for deletion of any possible items of classified information would be requested. It may be anticipated that the request will be on very short notice and possibly some time before this weekend.

3. [] Met briefly with Mr. Norvill Jones, Legislative Assistant to Senate J. W. Fulbright (D., Ark.), concerning a constituent request relating to employment as a jet pilot with the Agency. Advised Mr. Jones that the Agency did not employ pilots but that if the constituent cared to file an application for consideration by the Agency, we would be pleased to review the qualifications. Mr. Jones indicated that he understood and would handle the matter accordingly with the constituent.

4. [] Provided the office of Congressman Edward P. Boland (D., Mass.) with the information requested concerning courier attache cases together with the name of a company who manufactures them.
